DISABILITY ACCESS

• If you are disabled (even temporarily), you should plan ahead for emergencies and be aware of your own capabilities and limitations. For planning assistance, contact firemarshal@umd.edu.

FIRE AND EVACUATION

- Pull fire alarm if it is not already sounding.
- Leave the building immediately using the nearest exit.
- **Do not use elevator.**
- Call 911 or 301-405-3333 from a safe location.
- Evacuate to the Assembly Point.

EARTHQUAKE

- **If you are indoors:** Drop to the ground. Take cover under a sturdy table or desk, or protect your head with your arms and hold on.
- **If you are outdoors:** Stay outdoors in the open away from power lines or anything that might fall.

SHELTER-IN-PLACE

- The safest locations to seek shelter vary by hazard.
- In some situations, it may be best to stay where you are and avoid any uncertainty outside.
- For weather-related incidents, seek a low level and interior space away from corners, windows, doors and outside walls.
- Check for UMD Alerts to know when it is safe to leave and for other emergency notifications.
