

# Existing Campus Information **00.31.00**

---

**Description:**

The purpose of the section is to highlight important UMD Design Standards information and data relevant to design consultants and contractors engaged in work at the campus.

**Related Sections:**

- 01 78 39 CAD Standards for Consultant

**Effective Date:**

January 1, 2023

**Applicable Standards:**

- TBD

**General Requirements:****Survey Information:**

- The vertical datum used across the state of Maryland is NAVD88. This is also the datum used for UMD. All of the campus' topography and GIS data is set on this datum.
- UMD plan submissions to WSSC are converted to NAVD 29. Client UMS institutions datum(s) should be consistent with whatever that campus has set as the standard.
