

General Campus Information 00.31.00

Description:

The purpose of the section is to highlight important UMD established Design Standard information/data specific to the design documentation and construction processes relevant to the campus.

Related Sections:

- 01 78 39 CAD Standards for Consultant

Effective Date:

January 1, 2023

Applicable Standards:

- TBD

General Requirements:**Survey Information:**

- The vertical datum used across the State of Maryland is NAVD 88. This is also the datum used as vertical datum for UMD. All of the campus' topography and GIS data should be set on this datum.
- UMD plan submissions to WSSC are converted to NAVD 29. Client UMS institutions datum(s) should be consistent with whatever that campus has set as the standard.
